

Volunteering & Staff

Our program is staffed by a well-trained and enthusiastic group of volunteers which are firefighters, burn care professionals, and adult burn survivors. Maturity and good judgement are two desirable qualities looked for in candidates. Staff must be at least 21 years of age. We also welcome Counselors-In-Training. CITs are typically burn survivors and campers 18-to-20 years old that are interested in transitioning into a new role as cabin counselor. No prior experience as a camper or CIT is required, but preferred.

Who's FFKC for?

Camp is free of charge to any kid that:

- Has been treated in a burn unit (or who has been hospitalized for burn-related injuries) and
- Is between the ages of six (and has completed the first grade) and 17 years of age

Firefighters Kids Camp serves children in California and Nevada (and sometimes beyond!). Transportation to and from camp is provided from pre-designated points within Northern California but may be arranged for eligible kids coming from other areas. We often work with Angel Flight West for campers in Southern California.

Age-appropriate siblings are also invited to apply to camp—they are an important part of the healing journey! Sibling applications are evaluated on an individual basis and are subject to space availability.

**FIREFIIGHTERS
BURN INSTITUTE**

The Firefighters Burn Institute would like to recognize The Taylor Family Foundation for sponsoring Firefighters Kids Camp. The Taylor Family Foundation's mission is to preserve the wellness and enhance the quality of life for children in Northern California with life-threatening and chronic illnesses, disabilities and youth at-risk through unique therapeutic experiences and support.

Join Us for a Fun & Safe
**SUMMER
CAMP**

Healthy & Safe

From the facility and staff selection to program opportunities, every decision is made with the health and well-being of our campers as the top priority! We also provide an on-site nurse familiar with the special needs of our campers recovering from burns.

What's Camp All About?

Firefighters Kids Camp is a week long summer camp program which provides young burn survivors with a fun and safe outdoor environment that encourages healing, personal growth, and character development. Camp is an excellent opportunity for kids to continue their rehabilitation process alongside other children also in various stages of recovery. Camp fees are fully funded by the Firefighters Burn Institute and partnering organizations.

Full of Encouragement

Interacting with others who have had common experiences and challenges helps campers better realize that they are not alone. Through peer interaction and role modeling, they gain the confidence needed to make the transition from victim to survivor!

Where Kids Can Be Kids

Providing an environment that empowers our campers to challenge themselves both physically and mentally promotes positive attitudes, fosters peer support, and provides an opportunity for our campers to learn that they are capable of anything and everything!
